

HYPACK
a xylem brand

Sounding Better!

No farewells but hope to see you soon!

By Lourdes Evans

After having worked at HYPACK for almost 23 years (yes, I was very young when I started), it is time for me to start a new and exciting adventure.

I have been very fortunate to work for a great company and very proud of our achievements that made HYPACK a leading hydrographic surveying software in the industry. I enjoyed every minute of it, traveled the world, and made great friends along the way.

I know I am leaving a dedicated and passionate team and new leadership that will continue to do great things.

I would like to thank all my contacts, customers, and partners for the wonderful 23 years we have worked together. A special thanks to the HYPACK team, for everything. You have been my second family and I will miss working with everybody.

For those who want to stay in touch, you can find me in LinkedIn and social media. I would love to hear from you.

No farewells but hope to see you soon!

Lourdes
