

HYPACK
a xylem brand

Sounding Better!

News from Around the World, June 2019

By Boris Schulze

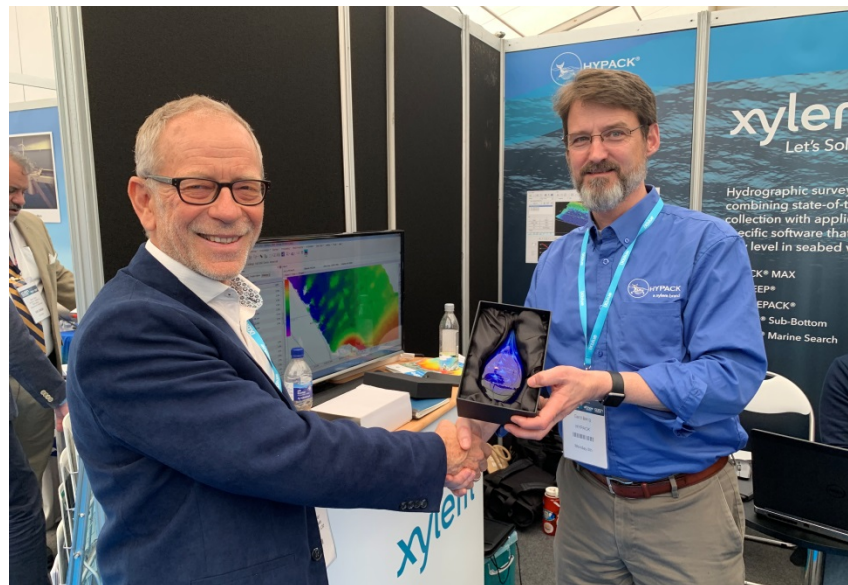

The last few months have been very busy for us. One of the main events was, of course, OceanBusiness where we had a nice stand with our colleagues from Xylem Analytics. You will see this more often now that we share a stand with other Xylem brands so, if you do not find a stand with “Hypack” in the exhibition list, search for Xylem and you will find us there!

At OceanBusiness we awarded the best resellers in various regions for 2018:

- **2018 Worldwide Agent Of The Year:** TOYO Corporation
- **2018 Asian Distributor Of The Year:** ASB Systems Pvt. Ltd
- **2018 Asian Reseller Of The Year:** Elcee Instrumentation & Services
- **2018 European Reseller Of The Year:** Hydroconsult SARL
- **2018 African Reseller Of The Year:** C&C Technologies Y Ltd

Aubrey Price (Reseller of the year in Africa) and Gerd Gland (Director of Operations at Hypack)

In June we participated in Surface Water Sales Partner workshop in Split, Croatia. Three full days with networking, product training, and demos.

So what's next? On July 16th, we are hosting a HYPACK® Training with Swathe Services in London on the HQS Wellington. If you would like to join, contact Swathe Services at Hypack@swathe-services.com

Traditionally we will start our next round of seminars in the autumn. The season starts in August in Vietnam and Singapore, September in South Africa and Dubai.

Stay tuned!

Boris
