

SAVE THE DATE | HYPACK 2022

We are very excited to announce that **HYPACK 2022** will be held on January 18th-20th, 2022. The event will be in-person at the Hyatt Regency in Long Beach, California. Our annual hydrographic and dredging Training Event will be filled with the newest features in HYPACK® 2022, as well as training for novice and experienced users.

HYPACK is looking forward to meeting everyone in person again after a long year of virtual events. This training is a great opportunity to meet with our team and network with 30 of the industry's leading companies and learn about their products and services! We will also be offering one-on-one sessions for attendees to meet with our HYPACK certified trainers and network with other attendees.

Make sure to save the date and join us at the 29th annual HYPACK Training Event! Registration will open in the summer.

We hope to see you there!
