

Monthly Virtual HYPACK Training Courses

HYPACK is offering a wide range of training courses to meet the needs of new and expert users. Our courses are a low-cost option for users to learn about the latest HYPACK® 2022 version and a great chance to meet some of our HYPACK Team. HYPACK will be hosting the following virtual trainings, giving you the opportunity to improve your skills in the convenience of your own home or workspace.

For additional information or to register you can contact Training@hypack.com or call (860) 635-1500.
